## BASIC PROGRAMME ON INFECTION PREVENTION & CONTROL IN HCO's (BIPC)

State Resource Centre, Kerala is an institution working under the Ministry of Human Resource Development, Government of India and managed by General Education Department, Government of Kerala. Secretary General Education Department, Government of Kerala is the Chairman of SRC. SRC Community College is an institution promoted by SRC for providing need based and locale specific programmes leading to Certificate and Diploma courses. Community College offers local specific and tailor made programs to meet the local needs of the community by using approaches that will be most acceptable to the community.

### **OVERVIEW OF THE PROGRAM**

Infection control addresses factors related to the spread of infections from patient-to-patient, from patients to staff and from staff to patients, or among-staff within the healthcare setting. Infection prevention and control practices are designed to reduce the risk of hospital acquired infections and to ensure a safe and healthy hospital environment for our patients, healthcare providers and visitors.

This Basic Programme on Infection Prevention & Control emphasis the issues related to infection prevention and control practices within the clinical settings and helps nurses and hospital staff to understand various advanced scientific practices on infection control. The programme mainly aims at developing infection prevention & control professionals (IPCP's), who specialize in implementing policies and procedures for preventing the spread of infectious agents, and to perform duties to contain HAI's and epidemic outbreaks in health care settings.

### **PROGRAM CURRICULUM:**

On successful completion of the programme the learner will be able to understand the Role of Infection Control Staff, Principles and Practices in Infection Prevention & Control, Basic Microbiology & Epidemiology of Organisms, Disinfection, Sterilization & Environmental Cleaning, Hospital Acquired Infections (HAI) and its transmission, Infection Control Management during spread of Pandemics. Bio-Medical Waste Management, Spillage Management, PPE's and Health Care Worker Safety etc.

### **ELIGIBILITY FOR ADMISSION & COURSE FEES:**

- Candidate should have Degree in Medical subjects, BSc (Nsg.)/GNM, Degree/Diploma in Paramedical/ Hospital supportive services.
- **Course Fees Rs.2000/-**

### **PROGRAMME HIGHLIGHTS:**

- An Online Certificate Programme on Infection Control by a Government Agency.
- Faculty panel includes experienced Doctors, NABH consultants & Nursing Professionals.
- The course modules will be instructed with the support of live contact classes, recorded video sessions and subject text articles posted in the website.
- The time slots of the live contact classes are scheduled on holidays for ensuring the participation of the employed staff category.
- Infection prevention & control professionals (IPCP'S) certified through this programme can implement policies and procedures for preventing infection outbreaks and epidemics in health care settings.

- Employed as well as Non-employed candidates can attend the programme.
- Course curriculum is primed as per the National and international healthcare quality standards for producing certified professionals in Infection Control.
- The successful completion of this program will help the candidates in joining directly to the advanced certificate program on infection control (CIPC) on a reduced fee structure.
